An asterisk (\*) appearing next to the amount indicates a difference from projected activity either in the amount or the date. The letter "E" next to an amount indicates that the payment or disbursement has not yet occurred, but is estimated to occur on the date shown.

Last year we anticipated that Disbursements would be made from your Escrow Account during the period equaling \$1,900.04. Your lowest monthly escrow balance should not have exceeded \$214.12, which is either 1/6 (also equal to no more than two months) of the total projected payments from the account as required by federal law or the reasonable amount required by state law or the amount required by your mortgage contract. Your actual lowest monthly balance was \$-1,263.85. The items with an asterisk on your Account History may explain this. For further explanation, call our toll-free number shown under the Contact Us section on this statement.

Your Projected Escrow Account Balance as of 08/31/21 is \$1,225.42. Your Required Beginning Escrow Balance according to this analysis should be \$761.58. This means you have a surplus of \$1,542.38. This surplus must be returned to you unless it is less than \$50.00, in which case we have the additional option of keeping it and lowering your monthly payments accordingly. Due to the delinquent status of your account, we will retain your remaining surplus.

### Balance Your Escrow Account

Each year your account is reviewed to make sure there is enough money to pay your property taxes and/or insurance. Federal law allows us to require a minimum balance in your account. This cash reserve helps to cover any increase in taxes and/or insurance. Subject to state law limits, your minimum balance normally equals the amount of your escrow payments for about two months. The payments made to and from your escrow account last year help predict your account activity for next year. Last year's activity also helps predict what your lowest account balance is likely to be. To balance your escrow account, we compare what your lowest account balance will likely be next year with your minimum required balance. The difference between those two numbers tells us if you need to deposit additional funds or if we will provide a refund. Any refund over \$50 will be returned to you.

\$215.16	Your minimum required balance
\$679.00	Your projected lowest account balance for September
\$1,542.38	Your escrow account surplus/shortage

## FREQUENTLY ASKED QUESTIONS

### I thought I had a fixed rate. Why did my payment change?

Your mortgage payment is made up of two parts: your loan payment (principal and interest) and your escrow payment (taxes and insurance). Your loan payment does not increase or decrease unless you have an adjustable rate mortgage (ARM). The portion of your monthly mortgage payment that goes toward escrows (taxes, homeowners and/or mortgage insurance) will change based on your projected amounts due to be paid.

### Your Mortgage Payment

\* Your escrow payment may consist of the items in the three categories shown in gray.

Please note: this chart is provided for demonstration purposes only and is not intended to represent the specific amount you have in each category.

### Why is there extra money in my escrow account?

Your escrow account makes sure you have money set aside to pay the necessary taxes and insurance.

A certain amount of the funds in your escrow account are designated to help keep your account from going negative. We call that an escrow cushion.
